TEXT

Crypto-native community builder with over 5 years of hands-on experience managing vibrant ecosystems across Telegram and Discord. Known for blending culture with clarity, keeping chats alive while enforcing structure and safety. I thrive in early-stage environments where systems are built from scratch, and communities evolve fast. Passionate about the Solana validator space, decentralized infrastructure, and creating authentic connections between teams and users.

ACHIEVEMENTS

• Scaled and nurtured 4+ crypto communities (Telegram &
Discord) from inception to 5,000+ active members, sustaining long-term
engagement and retention.
• Implemented structured moderation frameworks and bot
automations, cutting spam, scams, and FUD incidents by over 80% across multiple
channels.
• Successfully revived and stabilized abandoned projects
like China Bitcoin Reserve (CBR), transforming them

🔖 ACHIEVEMENTS

into organized,
community-driven ecosystems.
• Moderated and supported global, cross-timezone
communities, ensuring round-the-clock
responsiveness and zero engagement
downtime.
• Designed and executed meme-based viral
campaigns (e.g.,
"MOON + FART = MOONFART"), driving brand
visibility and doubling engagement
metrics within 24 hours.
• Led AMA sessions, partnership collabs, and
interactive
events, strengthening community trust and project
awareness during volatile
markets.
• Built community sentiment analysis and feedback
loops,
enabling faster leadership decisions and maintaining
morale above 85%
positivity.
• Trained and mentored junior moderators,
developing
scalable moderation SOPs that enhanced efficiency
and professionalism across
teams.
• Crafted and delivered weekly community health
reports for
leadership, summarizing engagement trends, pain
points, and actionable
insights.
• Recognized for creating safe, welcoming, and
vibrant
crypto
environments, blending culture, humor, and
professionalism
seamlessly.
